- 2.2.2 In respect to Sublicenses granted by Licensee under Section 2.2.1., Licensee shall pay to WSURF an amount equal to what Licensee would have been required to pay to WSURF had Licensee sold the amount of Licensed Products sold by such Sublicensee. Licensee shall not receive from Sublicensees anything of value in lieu of cash payments in consideration for any Sublicense under this Agreement without the express prior written permission of WSURF. If WSURF does not exercise its option to receive a license thereunder within sixty days of the date of the disclosure, its option under this paragraph shall be deemed terminated, but only with respect to the invention so disclosed.

Section 3. Consideration.

3.1 Development

- 3.1.1. Licensee agrees to and warrants that: it has, or will obtain, the expertise necessary to independently evaluate the inventions of the Licensed Patents; it will establish and actively and diligently pursue the Development Plan (see Appendix A) to the end that the inventions of the Licensed Patents will be utilized to provide Licensed Products and/or Licensed Processes for sale in the retail market within the Licensed Field; and within one month following the end of each quarter ending on March 31, June 30, September 30, and December 31, and until the date of first commercial sale of Licensed Products, it will supply WSURF with a written Development Report (see Appendix B). All development activities and strategies and all aspects of product design and decisions to market and the like are entirely at the discretion of Licensee, and Licensee shall rely entirely on its own expertise with respect thereto. WSURF's review of

Licensee's Development Plan is solely to verify the existence of Licensee's commitment to development activity and to ensure compliance with Licensee's obligations to commercialize the inventions of the Licensed Patents, as set forth above.

3.1.2. Licensee agrees that the first commercial sale of products to the retail customer shall occur on or before _____ or this Agreement shall terminate pursuant to Section 7.3 hereto.

3.2 License Issue Fee

Licensee agrees to pay to WSURF a License Issue Fee of \$ _____ within thirty (30) days of the Effective Date.

3.3 Royalty

In addition to the Section 3.2 License Issue Fee, Licensee and its Affiliates agrees to pay to WSURF as earned royalties a royalty calculated as a percentage of the Selling Price in accordance with the terms and conditions of this Agreement. The royalty is deemed earned as of the earlier of the date the Licensed Product and/or Licensed Process is actually sold and paid for, the date an invoice is sent by Licensee or its Sublicensee(s), or the date a Licensed Product and/or Licensed Process is transferred to a third party for any promotional reasons. The royalty shall remain fixed while this Agreement is in effect at a rate of _____ percent (___%) of the Selling Price.

3.4 Other Payments

3.4.1. Licensee agrees to pay WSURF Minimum Royalty payments, as follows:

Payment	Year	
\$ _____	_____	
\$ _____	_____	
\$ _____	_____	
\$ _____	_____	
\$ _____	_____	and every year thereafter on the same date, for the life of this Agreement.

The Minimum Royalty shall be paid in advance on a quarterly basis for each year in which this Agreement is in effect. The Minimum Royalty for a given year shall be due in advance and shall be paid in quarterly installments on December 31, March 31, June 30, and September 30 for the following quarter. Any Minimum Royalty paid in a calendar year will be credited against the earned royalties for that calendar year. It is understood that the Minimum Royalties will be applied to earned royalties on a calendar year basis, and that sales of Licensed Products and/or Licensed Processes requiring the payment of earned royalties made during a prior or subsequent calendar year shall have no effect on the annual Minimum Royalty due WSURF for other than the same calendar year in which the royalties were earned.

3.4.2. Licensee agrees to pay WSURF Milestone payments, as follows:

Payment	Due Date	Event
\$ _____	_____, 20__	_____
\$ _____	_____, 20__	_____
\$ _____	_____, 20__	_____

\$ _____	_____, 20__	_____

3.5 Accounting Payments

- 3.5.1. Amounts owing to WSURF under Sections 2.2, 3.2 3.3 and 3.4 shall be paid on a quarterly basis after the amount of Minimum Royalties paid is exceeded, with such amounts due and received by WSURF on or before the thirtieth day following the end of the calendar quarter ending on March 31, June 30, September 30 or December 31 in which such amounts were earned. The balance of any amounts that remain unpaid more than thirty (30) days after they are due to WSURF shall accrue interest until paid at the rate of the lesser of one and one-half percent (1.5%) per month or the maximum amount allowed under applicable law. However, in no event shall this interest provision be construed as a grant of permission for any payment delays.
- 3.5.2. Except as otherwise directed, all amounts owing to WSURF under this Agreement shall be paid in U.S. dollars to WSURF at the address provided in Section 13.1. All royalties owing with respect to Selling Prices stated in currencies other than U.S. dollars shall be converted at the rate shown in the Federal Reserve Noon Valuation - Value of Foreign Currencies on the day preceding the payment.
- 3.5.3. A full accounting showing how any amounts payable to WSURF under Sections 2.2, 3.2, 3.3 and 3.4 have been calculated shall be submitted to WSURF on the date of each such payment. Such accounting shall be on a per-country and product line, model or trade name basis and shall be summarized on the form shown in Appendix C of this Agreement. In the event no payment is owed to WSURF because the amount of Minimum Royalties paid has not been exceeded or otherwise, an accounting demonstrating that fact shall be supplied to WSURF.
- 3.5.4. WSURF is exempt from paying income taxes under U.S. law. Therefore, all payments due under this Agreement shall be made without deduction for taxes, assessments, or other charges of any kind that may be imposed on WSURF by any government outside of the United States or any political subdivision of such government with respect to any amounts payable to WSURF pursuant to this Agreement. All such taxes, assessments, or other charges shall be assumed by Licensee.

Section 4. Certain Warranties of WSURF.

- 4.1 WSURF warrants that, except as otherwise provided under Section 15 of this Agreement with respect to U.S. Government interests, it is the owner of the Licensed Patents or otherwise has the right to grant the licenses granted to Licensee in this Agreement. However, nothing in this Agreement shall be construed as:
 - 4.1.1. a warranty or representation by WSURF as to the validity or scope of any right included in the Licensed Patents;
 - 4.1.2. a warranty or representation that anything made, used, sold or otherwise disposed of under the license granted in this Agreement will or will not infringe patents of third parties;
 - 4.1.3. an obligation to bring or prosecute actions or suits against third parties for infringement of Licensed Patents;
 - 4.1.4. an obligation to furnish any know-how not provided in Licensed Patents or any services other than those specified in this Agreement; or
 - 4.1.5. a warranty or representation by WSURF that it will not grant licenses to others to make, use or sell products not covered by the claims of the Licensed Patents that may be similar and/or compete with products made or sold by Licensee or its Sublicensee(s).

4.2 WSURF MAKES NO REPRESENTATIONS, EXTENDS NO WARRANTIES OF ANY KIND, EITHER EXPRESS OR IMPLIED, AND ASSUMES NO RESPONSIBILITIES WHATSOEVER WITH RESPECT TO USE, SALE, OR OTHER DISPOSITION BY LICENSEE, ITS SUBLICONSEE(S) OR THEIR VENDEES OR OTHER TRANSFEREES OF PRODUCT INCORPORATING OR MADE BY USE OF INVENTIONS LICENSED UNDER THIS AGREEMENT.

Section 5. Record keeping.

- 5.1 Licensee and its Sublicensee(s) shall keep books and records sufficient to verify the accuracy and completeness of Licensee's and its Sublicensee(s)'s accounting referred to above, including without limitation inventory, purchase and invoice records, manufacturing records, sales analysis, general ledgers, financial statements, and tax returns relating to the Licensed Products and/or Licensed Processes. Such books and records shall be preserved for a period not less than six years after they are created, both during and after the term of this Agreement.
- 5.2 Licensee and its Sublicensee(s) shall take all steps necessary so that WSURF may, within thirty (30) days of its request, review and copy all of the books and records at a single U.S. location to verify the accuracy of Licensee's and its Sublicensee(s)'s accounting. Such review may be performed by any authorized employee of WSURF as well as by any attorney or registered CPA designated by WSURF, upon reasonable notice and during regular business hours.
- 5.3 If a royalty payment deficiency is determined, Licensee and its Sublicensee(s) shall pay the royalty deficiency outstanding within thirty (30) days of receiving written notice thereof, plus interest on outstanding amounts as described in Section 3.5.1.
- 5.4 If a royalty payment deficiency for a calendar year exceeds five percent (5%) of the royalties paid for that year, then Licensee and its Sublicensee(s) shall be responsible for paying WSURF's out-of-pocket expenses incurred with respect to such review.

Section 6. Patent Prosecution.

- 6.1 WSURF shall diligently prosecute and maintain the Licensed Patents using counsel of its choice. WSURF shall provide Licensee with copies of relevant documentation so that Licensee may be informed and apprised of the continuing prosecution of Licensed Patents, and Licensee agrees to keep such information confidential.
- 6.2 Licensee shall be responsible for and pay all past and future costs and expenses incurred by WSURF for the preparation, filing, prosecution, issuance, and maintenance of the Licensed Patents within thirty (30) days of receipt of an invoice from WSURF. It shall be the responsibility of Licensee to keep WSURF fully apprised of the "small entity" status of Licensee with respect to the U.S. patent laws and with respect to the patent laws of any other countries, if applicable, and to inform WSURF of any changes in such status, within thirty days of any such change.

Section 7. Term and Termination.

- 7.1 The term of this license shall begin on the Effective Date of this Agreement and continue until the earlier of the date that a). no Licensed Patent remains an enforceable patent or no Licensed Know-How or Biological Materials continue to be used in making the Licensed Product or Licensed Process or b). the payment of earned royalties under Section 2.2 or 3.3, once begun, ceases for more than two (2) calendar quarters
- 7.2 Licensee may terminate this Agreement at any time by giving at least ninety (90) days written and unambiguous notice of such termination to WSURF. Such a notice shall be accompanied by a statement of the reasons for termination.

- 7.3 WSURF may terminate this Agreement by giving Licensee at least ninety (90) days written notice if the date of first commercial sale does not occur on or before the date specified in Section 3.1.2.
- 7.4 If Licensee at any time defaults in the timely payment of any monies due to WSURF or the timely submission to WSURF of any Development Report, fails to actively pursue the Development Plan, or commits any breach of any other covenant herein contained, and Licensee fails to remedy any such breach or default within ninety (90) days after written notice thereof by WSURF, WSURF may, at its option, terminate this Agreement by giving thirty (30) days notice of termination to Licensee.
- 7.5 WSURF may terminate this Agreement upon the occurrence of the third separate default by Licensee within any consecutive three-year period for failure to pay royalties when due.
- 7.6 Upon the termination of this Agreement, Licensee shall remain obligated to provide an accounting for and to pay royalties earned up to the date of the termination.
- 7.7 Upon the termination of this Agreement, excluding expiration, Licensee agrees to promptly return to the WSURF all materials covered by the Licensed Patents and Licensed Biological Materials (as described in Appendix D and Appendix E) or to destroy all such materials and to deliver a notarized document certifying that all such materials have been destroyed and that any Licensed Know-How will no longer be used.
- 7.8 Termination of this Agreement shall not relieve LICENSEE of any obligation to pay WSURF the fee set forth in Section 3 nor of any obligation with respect to the confidential information or materials covered by this Agreement. Articles on Certain Warranties of WSURF, Record Keeping, Patent Prosecution, Term and Termination, Product Liability and Conduct of Business, Export Control, Use of Names and Confidentiality, Miscellaneous, and Unites States Government Interests shall survive termination.
- 7.9 If Licensee at any time commits any material breach of any covenant in this Agreement including, but not limited to, (1) a failure to deliver a Development Plan as required by Sections 3.1 and 5.2; (2) a failure to use its Best Efforts to establish and actively and diligently pursue a Development Plan to the end that the inventions of the Licensed Patents will be utilized to provide Licensed Products and/or Licensed Processes for sale in the retail market within the Licensed Field; and (3) a failure to use Best Efforts to achieve the objectives specified in Section 5.3 within the specified time frames; WSURF may, at its option, terminate this Agreement by giving thirty (30) days notice of termination to Licensee. However, if WSURF exercises its right to terminate pursuant to this Section 8.9 because of Licensee's failure remedy or cure a failure to use Best Efforts to meet an objective in Section 5.3, this Agreement will only be terminated with respect to the applicable portion of the Licensed Field and will not result in termination of the entire Agreement (e.g., a failure to use Best Efforts to develop a Licensed Product in the catalysis product category in accordance with Section 5.3(g) will only result in termination of this Agreement with respect to the field of catalysis (i.e., the Licensed Field will no longer include catalysis)). If Licensee disputes the existence of the breach alleged in WSURF's written notice or whether the identified breach is a material breach, the parties will first escalate the dispute to the senior representatives of Licensee and WSURF. During such escalation, the disputed breach shall not affect the rights granted under this Agreement for the duration of the dispute and the period to cure the alleged breach will be tolled for the duration of the dispute. If the dispute is still not resolved within 45 days by the respective representatives, the dispute may be submitted to mediation. During mediation the disputed breach shall not affect the rights granted under this Agreement for the duration of the mediation and the period to cure the alleged breach will be tolled for the duration of the dispute. The mediator shall be selected by agreement of the parties. The mediation shall be conducted as specified by the mediator and agreed upon by the parties. The parties agree to discuss their differences in good faith and to attempt, with facilitation by the mediator, to reach an amicable resolution of the dispute. If the parties are not able to agree on a resolution to the matter within 45 days of the initiation of mediation, then either party may initiate litigation to resolve the dispute. The parties acknowledge and agree that the intent of the parties is to not require

termination of this Agreement unless no other remedy would make the WSURF whole after suffering the breach. Accordingly, for the purpose of this Section 8.9, the term “cure” or “remedy” would include payment of fees or any other mutually agreed upon corrective action in lieu of termination. The rights granted to Licensee under this Agreement, including all license rights, will continue in full force and effect during any cure period specified in this Section 8. Inability to terminate this Agreement shall not be deemed to affect any other legal or equitable remedies a party may have for breach of this Agreement by the other party.

Section 8. Assignability.

Neither this Agreement, nor the Licensed Patents, may be transferred, assigned or pledged by Licensee, nor shall Licensee grant any security interest in this Agreement or the Licensed Patent, except with the prior written consent of WSURF. Notwithstanding the foregoing, without WSURF’s consent Licensee may assign this Agreement to any of its Affiliates, to a successor of Licensee’s business to which this Agreement pertains, to a purchaser of all or substantially all of Licensee’s assets; or incident to an acquisition, merger, sale of Licensee or the like at any time during the term of this Agreement. WSURF will be notified of any such permitted assignment by Licensee and a copy of such assignment shall be delivered to WSURF within thirty (30) days of the execution of the same. It is agreed that Licensee will ensure that upon a sale or merger of Licensee, the successor entity (for example, the new owner or majority owner) agrees in writing to be bound by the terms and conditions of this Agreement (including the obligations of Licensee hereunder).

Section 9. Enforcement.

- 9.1 WSURF intends to protect Licensed Patents against infringers or otherwise act to eliminate infringement when, in WSURF’s sole judgment, such action may be reasonably necessary, proper, and justified. In the event that Licensee believes there is infringement of any Licensed Patent under this Agreement that is to Licensee’s substantial detriment, Licensee shall provide WSURF with notification and reasonable evidence of such infringement.
- 9.2 The parties agree to cooperate in the conduct or defense of any claim or suit challenging any intellectual property rights which may arise from this agreement so long as (1) such intellectual property arises from the work as set forth in the statement of work appended to this agreement, (2) WSU or its assignee determines that such intellectual property qualifies for legal protection, (3) WSU or its assignee desires to obtain or perfect its rights to such legal protection, and (4) WSU, its assignee or an authorized licensee does affirmatively attempt to obtain or perfect WSU’s or its assignee’s rights, title, and interest in such intellectual property. Except as set forth in above, WSU makes no warranty, express or implied, regarding any invention, writing or tangible rendition of research results, including but not limited to any implied warranties of merchantability or fitness for a particular purpose.

Section 10. Product Liability; Conduct of Business.

- 10.1 Licensee, its Affiliates and its Sublicensee(s) shall, at all times during the term of this Agreement and thereafter, indemnify, defend and hold WSURF, Washington State University and its employees, and the inventors of the Licensed Patents harmless against all claims and expenses, including legal expenses and reasonable attorneys fees, arising out of the death of or injury to any person or persons or out of any damage to property and against any other claim, proceeding, demand, expense and liability of any kind whatsoever, including patent infringement claims, resulting from the production, manufacture, sale, use, lease, consumption or advertisement of Licensed Products arising from any right or obligation of Licensee or any Sublicensee hereunder. Notwithstanding the above, WSURF at all times reserves the right to retain counsel of its own to defend WSURF’s, Washington State University’s, and the inventor’s interests.

10.2 Licensee warrants that it now maintains and will continue to maintain liability insurance coverage appropriate to the risk involved in marketing the products subject to this Agreement and that such insurance coverage lists WSURF, Washington State University, and the inventors of the Licensed Patents as additional insureds. Within _____ () days after the execution of this Agreement and thereafter annually between January 1 and January 31 of each year, Licensee will present evidence to WSURF, that the coverage is being maintained with WSURF, Washington State University, and its inventors listed as additional insureds. In addition, Licensee shall provide WSURF with at least thirty (30) days prior written notice of any change in or cancellation of the insurance coverage.

Section 11. Use of Names.

Licensee, its Affiliates and its Sublicensee(s) shall not use WSURF's name, the name of any inventor of Licensed Patents governed by this Agreement, or the name of Washington State University in any sales promotion, advertising, or any other form of publicity without the prior written approval of WSURF.

Section 12. Miscellaneous.

12.1 This Agreement is made in Pullman, Washington, and shall be construed and interpreted in accordance with the law of the State of Washington, United States of America, without regard to any presumption or rule requiring construction or interpretation against the Party drafting or causing any instrument to be drafted. By its execution and delivery of this Agreement, Licensee hereby accepts the jurisdiction of a court of competent jurisdiction sitting in the State of Washington in any legal action or proceeding relating to this Agreement. No right or remedy conferred upon or reserved to the Parties pursuant to this Agreement is exclusive of any other right or remedy provided or permitted at law or in equity. Each Party acknowledges that any violation or threatened violation of this Agreement would cause irreparable injury and that money alone would not be adequate to redress such injury. If any provisions of this Agreement are or shall come into conflict with the laws or regulations of any jurisdiction or any governmental entity having jurisdiction over the Parties or this Agreement, those provisions shall be deemed automatically severed and deleted, if such severance and deletion is allowed by relevant law, and the remaining terms and conditions of this Agreement shall remain in full force and effect. The Parties agree to substitute new terms as similar in effect to the severed or deleted terms as may be allowed under the applicable laws and regulations. The Parties hereto are independent contractors and not joint venturers or partners.

12.2 Licensee shall insure that it, its Affiliates and its Sublicensee(s) apply patent markings that meet all requirements of U.S. law, 35 U.S.C. §287, with respect to all Licensed Products subject to this Agreement. Licensee agrees to comply with the requirements of U.S. law 35 U.S.C. § 200-212 with respect to inventions funded by the U.S. government.

12.3 Except as otherwise expressly provided herein, this Agreement, with all of the attachments hereto, constitutes the full understanding between the Parties with reference to the subject matter hereof, and no statements or agreements by or between the Parties made prior to or at the signing hereof, whether orally or in writing, shall vary or modify the written terms of this Agreement. All attachments referred to in this Agreement shall be attached hereto and are incorporated herein by reference. The failure of either Party to assert a right hereunder or to insist upon compliance with any term or condition of this Agreement shall not constitute a waiver of that right or excuse a similar failure to perform any such term or condition by the other Party. Neither Party shall claim any amendment, modification, or release from any provisions of this Agreement by mutual agreement, acknowledgment, or otherwise, unless such mutual agreement is in writing, signed by the other Party, and specifically states that it is an amendment to this Agreement. This Agreement may be executed in one or more counterparts and any Party hereto may execute any such counterparts each of which shall be deemed an original and all of which, taken together, shall constitute but one and the same document. It shall not be necessary in making proof of this document or any counterpart hereof to produce or account for any of the other counterparts.

- 12.4 In the event Licensee contests the validity of any Licensed Patent, Licensee shall continue to pay royalties with respect to that patent as if such contest were not underway until the patent is finally adjudicated invalid or unenforceable by a court of last resort; provided, however, notwithstanding any such final adjudication of invalidity or unenforceability, the full royalty payment due under this Agreement shall continue to be paid on any Licensed Technology incorporating or based on Licensed Data or on any Licensed Patent which has not been finally adjudicated invalid or unenforceable by a court of last resort; and further provided Licensee shall have no recourse against WSURF for any royalties paid or due to be paid prior to such final adjudication.
- 12.5 Licensee shall not encumber or otherwise grant a security interest in any of the rights granted hereunder to any third party.

Section 13. Notices.

Any notice required to be given pursuant to the provisions of this Agreement shall be in writing and shall be deemed to have been given at the earlier of the time when actually received as a consequence of any effective method of delivery, including but not limited to hand delivery, transmission by telecopier, addressed to the party for whom intended at the address below or at such changed address as the party shall have specified by written notice, provided that any notice of change of address shall be effective only upon actual receipt.
